Independent reasonable assurance report

To the Shareholders of Zad Holding Company Q.P.S.C.

Report on Internal Controls over Financial Reporting

In accordance with the provisions of the Corporate Governance Code for Listed Companies (“the Code”) issued by the Qatar Financial Markets Authority (“QFMA”), we were engaged by the Board of Directors of Zad Holding Company Q.P.S.C. (“the Company”) and its subsidiaries (together referred to as “the Group”) to carry out a reasonable assurance engagement over Board of Directors’ description of the processes and internal controls and assessment of the suitability of the design, implementation and operating effectiveness of the Group’s internal controls over financial reporting (the ‘ICOFR’) as at 31 December 2025 (the “ICOFR Statement”).

Responsibilities of the Board of Directors

The Board of Directors of the Company is responsible for preparation and fair presentation of the ICOFR Statement in accordance with the control objectives set out in the criteria.

The ICOFR Statement, which was signed by the Group Board of Director and shared with KPMG on 26 April 2026 (‘Appendix 1’) and is to be included in the annual report report of the Group, includes the following:

- the Board of Directors’ assessment of the suitability of design, implementation and operating effectiveness of the ICOFR;
- the description of the process and internal controls over financial reporting for the processes of revenue, inventories, accounts payables, accounts receivables, treasury, human resource & payroll, expenses, leases, loans, related parties, equity investments and general ledger & financial reporting;
- designing, implementing and testing controls to achieve the stated control objectives;
- identification of control gaps and failures, how they are remediated, and procedures set to prevent such failures or to close control gaps; and
- planning and performance of the management’s testing, and identification of the control deficiencies.

The Board of Directors is responsible for establishing and maintaining internal controls over financial reporting based on the criteria established in *Internal Control – Integrated Framework (2013)*, issued by the Committee of Sponsoring Organizations of the Treadway Commission (“COSO” or “COSO Framework”).

This responsibility includes designing, implementing, maintaining and testing internal controls relevant to the preparation and fair presentation of the ICOFR Statement that is free from material misstatement, whether due to fraud or error. It also includes developing the control objectives in line with the COSO Framework; designing, implementing and effectively operating controls to achieve the stated control objectives; selecting and applying

policies, making judgments and estimates that are reasonable in the circumstances, and maintaining adequate records in relation to the appropriateness of the Group's ICOFR.

The Board of Directors is also responsible for preventing and detecting fraud and for identifying and ensuring that the Group complies with laws and regulations applicable to its activities. The Board of Directors is responsible for ensuring that management and staff involved with the preparation of the ICOFR Statement are properly trained, systems are properly updated and that any changes in reporting encompass all significant business units.

Our Responsibilities

Our responsibility is to examine the ICOFR Statement and to issue a report thereon in the form of an independent reasonable assurance conclusion based on the evidence obtained. We conducted our engagement in accordance with International Standard on Assurance Engagements (ISAE) 3000 (Revised), *Assurance Engagements Other Than Audits or Reviews of Historical Financial Information* issued by the International Auditing and Assurance Standards Board. That standard requires that we plan and perform our procedures to obtain reasonable assurance about whether the ICOFR Statement is fairly presented, in all material respects, in accordance with the control objectives set out therein.

We apply International Standard on Quality Management 1, which requires us to design, implement and operate a system of quality management including policies or procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

We have complied with the independence and other ethical requirements of the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants (including International Independence Standards)* (IESBA Code), which is founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behavior.

The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the suitability of the design, implementation and operating effectiveness of the Group's internal controls over financial reporting, whether due to fraud or error.

Our engagement also included assessing the appropriateness of the Group's ICOFR, and the suitability of the criteria used in preparing and presenting the ICOFR Statement in the circumstances of the engagement, evaluating the overall presentation of the ICOFR Statement, and whether the internal controls over financial reporting are suitably designed, implemented and are operating effectively as of 31 December 2025 based on the COSO Framework. Reasonable assurance is less than absolute assurance.

The procedures performed over the ICOFR Statement include, but are not limited to, the following:

- Conducted inquiries with management of the Group to gain an understanding of the risk assessment and scoping exercise conducted by management;
- Examined the in-scope areas using materiality at the Group's consolidated financial statement level;
- Assessed the adequacy of the following:
 - Process level control documentation and related risks and controls as summarized in the Risk & Control Matrix ("RCM");
 - Control Environment, Risk Assessment, Monitoring, and Information and Communication (CERAMIC) controls documentation and related risks and controls as summarized in the RCM;
 - Risk arising from Information Technology and controls as summarized in the RCM;
 - Disclosure controls as summarized in the RCM.
- Obtained an understanding of the methodology adopted by management for internal control design and implementation testing;
- Inspected the walkthrough and design and implementation testing completed by management and conducted independent walkthrough testing, on a sample basis, as deemed necessary;

- Assessed the significance of any internal control weaknesses identified by management;
- Assessed the significance of any additional gaps identified through the procedures performed.
- Examined the management plans for testing the operating effectiveness to evaluate the reasonableness of tests with respect to the nature, extent and timing thereof, and whether the testing responsibilities have been appropriately assigned;
- Examined the management's testing documents to assess whether the operating effectiveness testing of key controls has been performed by the management in accordance with the management testing plan; and
- Re-performed tests on key controls to gain comfort on the management testing of operating effectiveness.

As part of this engagement, we have not performed any procedures by way of audit, review or verification of the ICOFR Statement nor of the underlying records or other sources from which the ICOFR Statement was extracted.

Other Information

The Board of Directors is responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the ICOFR Statement and our reasonable assurance report thereon. Our conclusion on the ICOFR Statement does not extend to the other information.

In connection with our engagement on the report on Internal Controls over Financial Reporting, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the ICOFR Statement or our knowledge obtained in the engagement, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance. We have nothing to communicate in this regard.

Characteristics and Limitations of the ICOFR Statement

Non-financial information is subject to more inherent limitations than financial information, given the characteristics of the Board of Directors' Report on Internal Controls over Financial Reporting and the methods used for determining such information. Because of the inherent limitations of internal controls over financial reporting including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Therefore, internal controls over financial reporting may not prevent or detect all errors or omissions in processing or reporting transactions and consequently cannot provide absolute assurance that the control objectives will be met. Also, projections of any evaluation of the internal controls over financial reporting to future periods are subject to the risk that the internal control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate. Furthermore, the controls activities designed, and operated as of 31 December 2025 covered by our assurance report will not have retrospectively remedied any weaknesses or deficiencies that existed in relation to the internal controls over the financial reporting prior to the date those controls were placed in operation.

The ICOFR Statement is prepared to meet the common needs of a broad range of users and may not, therefore, include every aspect of the information that each individual user may consider important in its own particular environment.

Criteria

The criteria for this engagement are the control objectives based on the COSO Framework against which the design, implementation and operating effectiveness of the controls is measured or evaluated.

Conclusion

Our conclusion has been formed on the basis of, and is subject to, the matters outlined in this report.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our conclusion.

In our opinion, based on the results of our reasonable assurance procedures, the Board of Directors' ICOFR Statement as of 31 December 2025 that the controls were properly designed and implemented and operated effectively in accordance with the COSO framework is, in all material respects, fairly stated.

Restriction of Use of Our Report

Our report is prepared for the shareholders of the Company and QFMA solely.

Our report is designed to meet the requirements of the QFMA's Corporate Governance Code and to discharge the responsibilities assigned to external auditors as specified in the Code. Our report should not therefore be regarded as suitable to be used or relied on by any party wishing to acquire rights against us other than the shareholders of the Company and QFMA for any purpose or in any context. Any party other than the shareholders of the Company and QFMA who obtains access to our report or a copy thereof and chooses to rely on our report (or any part thereof) will do so at its own risk. To the fullest extent permitted by law, we accept or assume no responsibility and deny any liability to any party other than the shareholders of the Company and QFMA for our work, for this independent reasonable assurance report, or for the conclusions we have reached.

Our report is released to the shareholders of the Company and QFMA on the basis that it shall not be copied, referred to or disclosed, in whole (save for the Company's own internal purposes) or in part, without our prior written consent.
